INDEPENDENT AUDITORS' REPORT

To the Board of Directors of San Gabriel/Pomona Valleys Developmental Services, Inc. and San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc.:

We have audited the accompanying combined statements of financial position of San Gabriel/Pomona Valleys Developmental Services, Inc. and San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc. (nonprofit corporations) as of June 30, 2008 and 2007, and the related combined statements of activities, functional expenses, and cash flows for the years then ended. These combined financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. The financial statements of San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc. were not audited in accordance with Government Auditing Standards. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of San Gabriel/Pomona Valleys Developmental Services, Inc. and San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc. as of June 30, 2008 and 2007, and the changes in their net assets and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated January 15, 2009, on our consideration of San Gabriel/Pomona Valleys Developmental Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and important for assessing the results of our audits.

Our audits were conducted for the purpose of forming an opinion on the basic combined financial statements of San Gabriel/Pomona Valleys Developmental Services, Inc. and San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc. taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic combined financial statements. The accompanying schedules of combined statements of financial position and of activities are also presented for the purposes of additional analysis and are not a required part of the basic combined financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic combined financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic combined financial statements taken as a whole.

NOTES TO THE COMBINED FINANCIAL STATEMENTS JUNE 30, 2008 AND 2007

NOTE 1 – Summary of Significant Accounting Policies

Basis of Presentation

San Gabriel/Pomona Valleys Developmental Services, Inc. (the Center) was incorporated on April 14, 1986 as a California nonprofit corporation. The Center was organized in accordance with the provisions of the Lanterman Developmental Disabilities Services Act (the Act) of the Welfare and Institutions Code of the State of California. In accordance with the Act, the Center, under the name San Gabriel/Pomona Regional Center, provides services for persons with developmental disabilities, and their families. Services include, but are not limited to, assessment, advocacy, service coordination, education, training, communication, resource development, and prevention services. The geographical area served includes the Los Angeles County health districts of Foothill, El Monte, and Pomona.

The Center contracts with the State of California Department of Developmental Services (DDS) to operate a regional center for the developmentally disabled, and their families. Regional center contracts between the Center and DDS stipulate that funded expenditures are not to exceed \$156,691,759 and \$142,721,950 for the 2007-2008 and 2006-2007 contract years, respectively. Actual net expenditures under the regional center contracts for the 2007-2008 and 2006-2007 contracts were \$157,069,105 and \$141,482,525, respectively, as of June 30, 2008.

Combination

The accompanying combined financial statements include the financial statements of San Gabriel/Pomona Valleys Developmental Services, Inc. and San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc. (Foundation), hereafter collectively referred to as the Organization. Intercompany transactions and accounts are eliminated in the accompanying combined financial statements.

The Foundation is a separately incorporated, nonprofit organization in which San Gabriel/Pomona Valleys Developmental Services, Inc. is the sole member. The Foundation was formed for the primary purpose of providing financial support to developmentally disabled individuals for whom funds are not available through the regional center system or categorically not within the funding policies of the San Gabriel/Pomona Regional Center. In regards to its financial grants program, the recipients and their families are clients of the San Gabriel/Pomona Regional Center. The Foundation's activities are primarily funded by donations and fund-raising events.

NOTES TO THE COMBINED FINANCIAL STATEMENTS JUNE 30, 2008 AND 2007

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Use of Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Financial Statement Presentation

The Organization applies Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. As of June 30, 2008 and 2007, the Organization had no temporarily or permanently restricted net assets.

Contributions

The Organization also applies SFAS No. 116, "Accounting for Contributions Received and Contributions Made." In accordance with SFAS 116, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor-imposed restrictions.

Concentration of Credit Risk

At June 30, 2008 and throughout the year, the Organization has maintained cash balances in its bank in excess of federally insured limits.

Cash and Cash Equivalents

For the purpose of the statements of cash flows, the Organization considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

NOTES TO THE COMBINED FINANCIAL STATEMENTS JUNE 30, 2008 AND 2007

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Investments

Investments consist of a certificate of deposit that is carried at cost, which approximates fair value.

Contracts Receivable - State of California

Contracts receivable – State of California and contract support are recorded on the accrual method as related expenses are incurred.

Equipment

Pursuant to the terms of the contract with the DDS, equipment purchases become the property of DDS and, accordingly, are charged as expenses when incurred. For the years ended June 30, 2008 and 2007, equipment purchases totaled \$65,749 and \$480,052, respectively.

Vacation and Sick Leave Benefits

The Center has accrued a liability for leave benefits earned by its employees. However, such benefits are reimbursed under the DDS contract only when actually paid. The Center has also recorded a receivable from the DDS for the accrued benefits to reflect the future reimbursement of such benefits.

Allocation of Expenses

The statements of functional expenses allocate expenses to the program and supporting service categories based on a direct-cost basis for the purchase of services expenses, and salaries and related expenses. All operating expenses are allocated to supporting services, except for contract consultants and travel, which are allocated on a direct-cost basis.

NOTES TO THE COMBINED FINANCIAL STATEMENTS JUNE 30, 2008 AND 2007

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Tax Status

The Organization has received tax-exempt status from the Internal Revenue Service and California Franchise Tax Board under Section 501(c)(3) of the Internal Revenue Code, and Section 23701(d) of the Revenue and Taxation Code, respectively.

New Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS No. 157). SFAS No. 157 defines fair value and establishes a framework for measuring fair value when fair value is required for recognition or disclosure purposes under generally accepted accounting principles. The standard also expands disclosure about fair value measurement but does not require any new fair value measurements. SFAS No. 157 is effective for the Organization's financial statements for its fiscal year beginning July 1, 2008. Management is currently evaluating the impact the adoption of SFAS No. 157 will have on the combined financial statements; however, it is not expected to have a significant impact on the Organization's combined financial statements.

NOTE 2 - Contracts Receivable/Contract Advances - State of California

As of June 30, 2008 and 2007, the DDS had advanced the Center \$19,564,341 and \$15,243,890, respectively, under the regional center contracts. For financial statement presentation, to the extent there are claims receivable, these advances have been offset against the claims receivable from the State as follows:

	June 30,			
	2008 2007			
Contracts receivable	\$30,817,175 \$15,960,032			
Contract advances	(<u>19,564,341</u>) (<u>15,243,890</u>)			
Net contract receivable	<u>\$11,252,834</u>			

NOTES TO THE COMBINED FINANCIAL STATEMENTS JUNE 30, 2008 AND 2007

NOTE 3 - Cash - Client Trust Funds and Unexpended Client Support

The Center functions as custodian for the receipt of certain governmental payments and resulting disbursements made on behalf of regional center clients. These cash balances are segregated from the operating cash accounts of the Center and are restricted for client support. The following is a summary of client support and expenses not reported in the statements of activities:

	For the Year Ended June 30,	
	2008	2007
Support:		
Social Security and other client support	<u>\$18,966,923</u>	<u>\$18,323,553</u>
Disbursements:

Other disbursements	4,825,137	4,475,207
	<u>\$18,966,923</u>	<u>\$18,323,553</u>

NOTE 4 – Investments

The composition of investments, stated at fair value, is as follows:

	June 30,			
		2008		2007
Certificate of deposit	<u>\$</u>	56,812	<u>\$</u>	54,193

NOTE 5 – Employee Benefit Plan

The Center has a defined contribution retirement plan which covers all employees. Contributions to the plan are based upon a percentage of each participant's compensation. Total retirement expense for the years ended June 30, 2008 and 2007 was \$1,894,573 and \$1,756,039, respectively.

NOTES TO THE COMBINED FINANCIAL STATEMENTS JUNE 30, 2008 AND 2007

NOTE 6 - Commitments and Contingencies

Commitments

The Center is obligated under two lease agreements, expiring February 2014, for its office facilities. The Center is required to pay for taxes, utilities, maintenance, and insurance on the premises. In the event the DDS does not renew its annual support contract, the lease described above becomes cancelable by the Center.

Future minimum facilities lease commitments are as follows:

Year Ending June 30,	
2009	\$ 1,504,120
2010	1,643,899
2011	1,687,289
2012	1,739,766
2013	1,793,879
Thereafter	1,221,988
	<u>\$ 9,590,941</u>

Total facilities and office equipment rental expense for the years ended June 30, 2008 and 2007 were \$1,586,050 and \$38,122 and \$1,533,825 and \$36,845, respectively.

Contingencies

In accordance with the terms of the contract with the DDS, an audit may be performed by an authorized DDS representative. Should such audit disclose any unallowable costs, the Center may be liable to the DDS for reimbursement of such costs. In the opinion of the Center's management, the effect of any disallowed costs would be immaterial to the financial statements at June 30, 2008 and 2007, and for the years then ended.

NOTES TO THE COMBINED FINANCIAL STATEMENTS JUNE 30, 2008 AND 2007

NOTE 6 – Commitments and Contingencies (Continued)

Contingencies (Continued)

The Center is dependent on continued funding provided by DDS to operate and provide services for its clients. The Center's contract with DDS provides funding for services under the Lanterman Act. In the event that the operations of the Center result in a deficit position at the end of any contract year, as has occurred for the year ended June 30, 2008, DDS may reallocate surplus funds within the State of California system to supplement the Center's funding. Should a system-wide deficit occur, DDS is required to report to the Governor of California and the appropriate fiscal committee of the State Legislature and recommend actions to secure additional funds or reduce expenditures. DDS's recommendations are subsequently reviewed by the Governor and the Legislature and a decision is made with regard to specific actions, including the possible suspension of the entitlement. The Center's management believes the DDS will reallocate funds to cover expenditures for the fiscal year ended June 30, 2008.

The Center has elected to finance its unemployment insurance using the prorated cost-of-benefits method. Under this method, the Center is required to reimburse the State of California for benefits paid to its former employees. The Center has a "stop loss" insurance policy in effect to cover claims in excess of \$50,000, up to a limit of \$250,000 for each policy period.

The Center is involved in various claims and lawsuits arising in the normal conduct of its business. The Center's management believes it has adequate defenses and insurance coverage for these actions and, thus, has made no provision in the financial statements for any costs relating to the settlement of such claims.

NOTE 7 – Subsequent Event

Subsequent to year-end, the Center secured a line of credit with a bank whereby it may borrow up to \$27,402,000 at the bank's reference rate. This line of credit agreement was entered on July 15, 2008 and matured on September 30, 2008.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
San Gabriel/Pomona Valleys Developmental Services, Inc. and
San Gabriel/Pomona Valleys Foundation for the
Developmentally Disabled, Inc.:

We have audited the combined financial statements of San Gabriel/Pomona Valleys Developmental Services, Inc. and San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc. as of and for the year ended June 30, 2008, and have issued our report thereon dated January 15, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc. were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered San Gabriel/Pomona Valleys Developmental Services, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of San Gabriel/Pomona Valleys Developmental Services, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the Organization's financial statements that is more than inconsequential will not be prevented or detected by the Organization's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Organization's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether San Gabriel/Pomona Valleys Developmental Services, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management, others within the Organization, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors of San Gabriel/Pomona Valleys Developmental Services, Inc. And San Gabriel/Pomona Valleys Foundation for the Developmentally Disabled, Inc.:

Compliance

We have audited the compliance of San Gabriel/Pomona Valleys Developmental Services, Inc. with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. San Gabriel/Pomona Valleys Developmental Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of San Gabriel/Pomona Valleys Developmental Services, Inc.'s management. Our responsibility is to express an opinion on San Gabriel/Pomona Valleys Developmental Services, Inc.'s compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about San Gabriel/Pomona Valleys Developmental Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on San Gabriel/Pomona Valleys Developmental Services, Inc.'s compliance with those requirements.

In our opinion, San Gabriel/Pomona Valleys Developmental Services, Inc. complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of San Gabriel/Pomona Valleys Developmental Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered San Gabriel/Pomona Valleys Developmental Services, Inc.'s internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion of the effectiveness of San Gabriel/Pomona Valleys Developmental Services, Inc.'s internal control over compliance

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Directors, management, others within the Organization, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
