2022 Annual Purchase of Services (POS) Expenditure Data Community Meetings

As of June 27, 2012, the Lanterman Developmental Disabilities Services Act (“The Lanterman Act”) was amended, as required by section 4519.5 of the Welfare and Institutions Code (WIC). This amendment required the Department of Developmental Services (DDS) and Regional Centers to annually collaborate to compile data relating to purchase of service (POS) authorization, utilization, and expenditure by each regional center with respect to consumer age, race or ethnicity, primary language, and disability. We will be conducting a series of our annual (POS) expenditure data presentations. Please see the Calendar in www.sgprc.org for presentations Zoom links, dates, times and languages that we will be providing this presentation. We hope to see you at one of our presentations.
