72 in attendance:

1. SGPRC Mobile Crisis Vendor – Howard Chudler Presentation
 - a. Elena: How often do you update the directory?

Explain to parent that it is a lot of moving positions

Xochitl: can tell them to send them the reception and they can look up their child and who their case belongs to.

Elena: 1:1 meetings at parents' place : if there is a family that can talk to Xochitl or Amos and family doesn't want to go to Regional Center, we are open to doing that again.

Can we share the PowerPoint?

It will be posted on the Website... within a week and a half and it will be translated in other languages. It is going to be presented in Chinese this Saturday.

Xochitl: Please provide your comments and suggestions via forms link. It is very helpful

Lupe: Does anybody or my service coordinators have questions regarding that DHH position?

Elena: A parent wanted to know, fluent in ASL:

Sal: She does support in our translation in ASL. She is requested to attend meeting. She can support the families and the individuals.

Sal: I recommend attending the trainings. If you need assistance, please utilize these specialists. We can make sure that they are being utilized in every which way. If you need a meeting, please let us know so we can have them present at your department training. We have fair hearing specialist, BCBA. Invite you to please reach out.

Monica: Thank you Sal for the information. Please sign in for this meeting. There are two links, one to sign in and one for comments and suggestion
