- Amos provided POS Expenditure Data and Equity Projects information, and then introduce SG/PRC Equity partners and Community Based Organizations promoting equity in POS Expenditures.
- Q & A: Amos answered questions regarding FY 20-21 POS Expenditure Data related with Korean community.
- Parent Comments and Suggestions:
 - Parent 1: We need at least one Korean speaking service coordinator in each age groups. We want SG/PRC more actively hire Korean speaking service coordinators to meet the needs of Korean families.
 - Parent 2: I want to have regular SG/PRC Korean parent support group meeting to get and to share SG/PRC clients related information.
 - Parent 3: I want to have better opportunities for Korean parents to express their concerns and needs. (SG/PRC Governing Board was introduced)

- Parent 4: We want more Self Determination Program information, training, support in Korean.
- Parents: We want to know more detail on Social Recreation program funding.
- Parents: We want at least one director to attend this POS Data community meeting with translator to communicate better with SG/PRC.
- Parents: We want to continue to have Korean POS Data Community Meetings like today, with Korean presenter. We like the 30 minutes presentation and one hour Q & A format.
