Public Comments:

Aimee Delgado: Do not hold LatinX/Spanish Meeting at 2:30-3:30pm as parents are picking up children from school.

It is going to take a different approach to reach the Latin Community. We see it with Self-Determination Program (SDP). Last year's meeting, there was a handful of people in this meeting. We need a strong Spanish speaking support group. There are challenges due to the geographical distance.

Albert Feliciano: Thanked SG/PRC team for the thorough report.

Aimee: Josie to take on more outreach efforts.

Josie: Of course, we have been discussing how to improve outreach efforts to Hispanic Community. I reached out to an agency. We are in the beginning stages of building partnerships and recognize the need.
